

ASI Automation Solutions, Inc.

Company Overview / Products & Services

The Mid-Atlantic's Premier Machine Tool and Robotic Automation Distributor

ASI started in 1992 and has become the Mid-Atlantic's premier source for leading-edge machine tools, robotics, process turnkeys, and value-added services. Our staff has deep roots in the machine tool industry, with over 300 years of combined experience with pioneers like Kearney & Trecker, Warner & Swasey, Cincinnati Milacron, Giddings & Lewis, CINCINNATI Incorporated; as well as global giants Dalian Machine Tool Group, Makino, and other key builders. ASI acquired Machinery Associates in 2002, and relocated to a 9,100 sq. ft. Tech Center facility in 2005. We continue to grow our staff, our capabilities, and most importantly, our list of highly satisfied customers.

ASI's Merits Include:

- Comprehensive line of the finest metal cutting and forming machine tools
- Automation expertise in robotics, material handling, inspection, and finishing
- Full complement of tooling, workholding, rotary tables, and other accessories
- Modern Tech Center for demos, test cuts, educational seminars and training
- Process engineering, tool & fixture design, programming, complete turnkeys
- Factory-trained service, installs, repairs, calibration, maintenance, OEM parts
- **Most importantly, ASI strives to achieve the ultimate in customer satisfaction in everything we do!**
